CREAM BEER, -It is an effervescing drink, but far pleasanter than soda water, inasmuch as you do not have to drink for your life to get your money's worth, the effervescence being much slower. Two ounces tartaric acid, two pounds white sugar, the juice of one lemon, three pints of water. Boil together five min-utes; when nearly cold add the whites of three eggs well beaten, with a cup of flour and half an ounce essence of wintergreen. Bottle and keep in a cool place. Take two tablespoonfuls of this syrup for a tumbler of water, and add one quarter of a teaspoonful of soda.

HOUSEHOLD SOAP. - When the boiling lye will strip a feather clean, put into two gallons of lye one and one-half pounds of clean grease. Boil it, (trying whether it is enough of grease with a feather) until it becomes very thick; then throw in one pint of salt, and five pounds of borax, to every four gallons of soap. Boil it a while longer, and set it off to cool. When hard, cut it out in bars, scrape off the sediment from the bottom, and put it on the shelf to

We claim superiority for the Hominy made upon our Patent Mills for the following reasons: First. It is made from dry corn without having to go through the soaking process necessary in the old way of making hominy, for the pur-pose of removing the husks, which causes it to begin to spoil from the moment it is thus made. Whereas our process puts it in a drier condition than corn ever is naturally. Secondly. The same bulk of our Hominy will

produce fifty per cent more of the cooked article than by the wet process, as ours swells while cooking, while the other swells while soaking, before being cooked.

Thirdly. It takes half the time to cook.

Fourthly. It can be shipped with safety from spoiling to any climate, making a cheap substitute for rice and beans. The above also applies to our Pearl Corn

Grits. The best proof of the superiority of Hominy and Grits made upon our Patent Mills is that they have been adopted by the Army and Navy of the United States, and approved by all who have used them.
